1. Our Ethos

Children within our Trust will always be our main priority, with personalised learning as our starting point, making the challenges of 'Helping Children Achieve More' a reality.

Every child will have the opportunities to expand their horizons, and build the confidence, talents, interests, skills and qualifications to succeed as they make their way towards a fulfilling and prosperous adulthood.

The amount of time children spend in education is finite. We have a responsibility to ensure every moment a child is in an Exceed Learning Partnership School, must be spent productively. Once wasted, it is gone forever and cannot be given back.

Every Child | **Every Chance** | **Every Day**

2. Our Vision

***‘To equip young people with the knowledge,
skills and mindset to thrive and then take on the world!’***

We will achieve our vision by:

Every child developing...

- a greater understanding of themselves as a learner
- Recognition of what their strengths are
- How they can share their strengths with others
- An understanding of what steps they need to undertake for their continual learning journey

Pupils will be encouraged and inspired to believe in themselves, build dreams and aspirations and strive to achieve these.

At Exceed Learning Partnership we believe in social justice through exceptional schools, creating and sustaining the best schools in which to learn and work by pursuing social justice for all.

Every child will be given the same opportunity to succeed, whatever his or her prior attainment.

A key feature of the Exceed Learning Partnership will be a learning curriculum which builds the characteristics of Learning across all schools within the trust.

This will focus on our learning philosophy skills:

- Resilience
- Motivation
- Collaboration
- Creativity
- Investigation
- Teamwork
- Evaluation

3. Our Values

10. Governance Roles

This section of the handbook provides a summary of each role within the Governance Structure.

10.1 Members

Members play a limited but crucial role in safeguarding Academy Trust governance. While they must ensure they do not stray into undertaking the Academy Directors' role, they should assure themselves that the governance of the Trust is effective, that Academy Directors are acting in accordance with the Trust's charitable object(s) and that they, the Members, use their powers to step in if governance is failing.

Members are the subscribers to the Memorandum and Articles of Association (the legal document which outlines the governance structure and how the Trust will operate). Members can amend the articles of association (including the objects clause), subject to any restrictions in the articles, the funding agreement or charity and company law.

The Members appoint Directors to the Board to ensure that the Trust's charitable objective is carried out and so are able to remove Directors if they fail to fulfil this responsibility.

They oversee the achievement of the Trust's objectives, acting as the 'conscience' and 'moral guardian' of the Trust's purpose and values. Members also oversee the performance of the Directors Board.

Members appoint the Academy Trust's auditors and will receive and review (but do not have to sign off) the Trust's annual audited accounts (subject to the Companies Act).

An Academy Trust must have at least three Members. At least the majority of Members should remain independent from the Trust Board. Nobody may be a Member, Director and a Local Governor.

10.2 Board of Directors

The Trust Board is the decision-making body of the Academy Trust and is accountable and responsible for all the academies equally.

The Board is the Academy Trust's key strategic decision maker. It may delegate certain responsibilities to the Executive Leader (in certain circumstances) and in accordance with the Academy Trust's scheme of delegation, a committee or an individual, but the Trust Board remains accountable and is responsible for all decisions made.

The Board should play a strategic role and avoid routine involvement in operational matters. They should focus strongly on holding Executive Leaders to account.

The Board has three core functions:

- Ensures clarity of vision, ethos and strategic direction
- Holds the CEO to account for the educational performance of the Trust's academies and their pupils, plus the performance management of staff
- Oversees the financial performance of the Trust and makes sure money is well spent
- The Board produces an annual report on the performance of the Trust for Members and for external publication.

10.3 Directors Committees

The Board has agreed to establish a number of committees, as identified in this handbook and the Scheme of Delegation, to carry out some of its governance functions. This includes making decisions, although any decisions made will be deemed decisions of the Board. The Board has the following Committees:

- Education and Standards - This committee focuses on the educational targets for each Academy, monitoring the quality of the educational standards and performance and challenging any areas of underperformance.
- Finance and Operations - This committee assists the Board in its on-going oversight of the Trust's arrangements for budgeting, financial planning, financial performance and financial reporting in respect of both revenue and capital activities and the associated resource planning.
- Audit and Risk - This committee assesses the scope and effectiveness of the systems established by management to identify, manage and monitor financial and non-financial risks to the company via the risk register. It also maintains an oversight of the Trust's governance, internal control, financial reporting and value for money frameworks in order to establish
- Pay and Performance Committee - This committee maintains an oversight of the Trust's approach to CEO and Executive Team remuneration and pay progression.

The Board can create additional Committees, Working Parties or Panels as required. The Board may remove delegations from any Committee, Working Party or Panel if required.

The Scheme of Delegation sets out the powers that the Committees may exercise on behalf of the Directors. The Scheme of Delegation is supported by Terms of Reference for each Committee.

10.4 Link Director

Where possible, one Director from the Board of Directors will be allocated to an Academy Local Governing Body and will serve as a Link Director. The role of a Link Director is set out in this framework and is not to be confused with the role of a Link Governor.

10.5 Local Governing Boards

The Board of Directors delegate some of its responsibilities to the Local Governing Board for each of the Academies, however, Directors remain ultimately responsible for each Academy.

Directors are able to delegate additional responsibilities or remove responsibilities to meet changing circumstances.

The Local Governing Board is there to hold the Principal and Academy Leaders to account in line with the delegated responsibilities listed within the Scheme of Delegation.

It also monitors risk management through the Academy Risk Register, ensuring appropriate risk scores and mitigation.

The Scheme of Delegation sets out the powers that the Committees may exercise on behalf of the Local Board. The Scheme of Delegation is supported by Terms of Reference for each Committee.

10.7 Governor Monitoring

Governors will carry out monitoring visits to the Academy to see first-hand the implementation of Policy and offer visible support to staff. Section 35 sets out an annual monitoring framework that includes both the statutory requirements for monitoring visits and a suggested schedule aligned with the academy's priorities. Monitoring visits are agreed collectively by the Local Board to ensure they support the priorities identified in the Academy Development Plan and provide appropriate oversight of financial and operational compliance. It is anticipated that governors will conduct termly monitoring visits.

10.8 Chief Executive Officer

The CEO as Accounting Officer has the delegated responsibility for the operation of the Trust, including the performance of the Trust's academies. As such, the CEO and Director of Education and Inclusion are responsible for the performance management of the Principals/Headteachers.

The CEO is the accounting officer, with overall responsibility for the operation of the Trust's financial responsibilities. The CEO must ensure that the organisation is run with financial effectiveness, stability and probity; avoiding waste and securing value for money in line with the Academy Trust Handbook and the Funding Agreement. In the absence of the CEO, the Deputy CEO as Deputy Accounting Officer has delegated responsibility for the operations of the Trust.

10.9 Executive Management Team

The CEO leads the Trust's Executive Management Team, made up of Deputy Chief Executive Officer, Director of Education and Inclusion, Chief Finance Officer, Chief Technology Officer and Director of Governance and Corporate Affairs.

The CEO may delegate executive management functions to members of these teams. This includes preparing reports on specific areas of responsibility, such as HR/Finance/Operations/Estates/ICT/ Governance for the Board

and its Committees.

The CEO is accountable to the Board for the performance of the Executive Management Team

10.10 Executive Principal/Principal/Headteacher (Academy Leaders)

The Academy Leader produces reports, in standard Trust format, for Directors and Governors Committees.

11: The Work of the Board of Directors

11.1 The Chair of The Board of Directors

- An effective Chair and Vice-Chair provide visionary strategic non-executive leadership to the Academy Trust. As with other Academy Directors, the roles of Chair and Vice Chair are voluntary ones.
- The Chair plays an important role, with responsibility for leading the Board and for convening and chairing meetings. The Chair takes the lead in ensuring the effective functioning of the Trust Board and has a vital role in setting the highest expectations for professional standards of governance.
- A Chair should encourage the Trust Board to work together as an effective team, building its skills, knowledge and experience.
- As the main link between the Board and the Executive Management Team, they work to build a strong partnership with the Trust.
- They liaise with the Central Team and the Governance Professional to ensure the final agendas for meetings, as well as the management of papers and appropriate records, are in place.
- The Chair is responsible for promoting the development of the Board as a whole.
- With support from the Members and the Trust, they play a decisive part in determining the appointment and re-appointment of Directors.
- They also ensure that the Board is effective in challenging and supporting the educational performance of the Trust.

11.2 Clerking and the Governance Professional

- The Board determines clerking arrangements for its meetings and committees.
- The Board of Directors appoints a Governance Professional to the Board of Directors and its committees. The Governance Professional will liaise with the Chair and the CEO/DCEO to ensure that the Trust Business Plan/Calendar is in place and implemented, including the production of agendas and minutes of meetings.
- The Board has delegated responsibility for governance administration to the Deputy CEO, who leads the Governance team.
- The DCEO will ensure a Governance Professional is appointed for every Trust Board meeting or Committee.
- The role of the Governance Professional is about helping the Trust Board understand its role, functions and legal duties and to provide clear impartial advice to the Trust Board. The role also includes supporting the Chair and the Trust Board with organising meetings, circulating papers and taking minutes of meetings.
- The Governance Professional is the first point of call for any Board governance queries and first line support for the Local Governing Board.
- Meetings are convened by the Governance Professional in accordance with a meeting schedule that has been pre- agreed by Directors. Additional meetings may be arranged if required at the by the Board of Directors, chair, or where 3 Directors require a meeting. The Governance Professional will issue diary invitations in respect of any change of meeting or additional meeting date scheduled after the agreement of the main schedule. Any Board agenda and associated papers must be published to Directors no less

than 5 days before a scheduled meeting.

- Meetings will be attended by the Governance Professional who will record attendance, issues discussed, challenge offered and decisions made in 'minutes' of the meeting. In the absence of the Governance Professional, a substitute, who may be a director but will not be the CEO, will be responsible for the minutes. The minutes will be submitted for formal approval at the next meeting of the Board of Directors.

12: The Duties of the Director

Directors play an essential part in making sure the Governance Structure as a whole works effectively. They develop, agree and set the tone of the Trust values and ethos.

Directors should be proactive about engaging with the Trust and its academies, and developing their knowledge and expertise in the field of governance.

Directors are appointed because they can offer qualities the Trust needs:

- **Skills:** These are an important contribution to the work of the Trust and can include; technical skills, such as data analysis, or inter-personal skills that allow the group to function effectively and engage with parents or persuade potential donors to contribute to the Trust.
- **Experience:** The Trust's Governance network bring together a wide range of professional, academic, voluntary and life experiences. New volunteers are often concerned that they do not know enough about education, however, academies hugely value what people from outside the sector can offer, right from the start.
- **Perspectives:** Governance works best when there is diversity of opinion and experience around the table. Representatives from the local community and business play an important part in helping the Trust serve its local context.
- **Commitment:** This committee maintains an oversight of the Trust's approach to remuneration and pay progression.

When a Director joins the Exceed Learning Partnership Trust, they are asked to abide by the Code of Conduct

Everyone involved in governance should be aware of, and accept, "The 7 principles of public life" (www.gov.uk/government/publications/the-7-principles-of-public-life):

- **Selflessness** - Holders of public office should act solely in terms of the public interest.
- **Integrity** - Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.
- **Objectivity** - Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
- **Accountability** - Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
- **Openness** - Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
- **Honesty** - Holders of public office should be truthful.

- **Leadership** - Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

The role of the Governor is a non-executive one, and Governors are required to ensure that their oversight of the Academy/School does not interfere with the day-to-day management, which is the responsibility of the Principal(s) and the Trust Executive Leadership Team.

Their expertise supports effective governance by providing additional insight, challenge and specialist knowledge where appropriate.

An Associate Governor is appointed by Directors to serve on a Local Governing Board or Local Governing Committee for a fixed term, normally between one and four years. The appointment is made to enhance the effectiveness of governance through the contribution of individuals with relevant professional expertise, local knowledge or specific experience.

Associate Governors are not formal members of the Local Governing Board and do not have voting rights at any Local Governing Board meetings or committees. - developing an understanding of the Academy, the Trust and the communities they serve through visits, discussions with leaders and staff, and consideration of relevant documentation;
- acting at all times in the best interests of the Academy, its pupils and Exceed Learning Partnership.

Associate Governors support the work of governance but do not become involved in the operational management of the Academy, which remains the responsibility of the Principal and the Trust Executive Leadership Team.

Like all those involved in governance, Associate Governors are expected to uphold the Nolan Principles of Public Life and to contribute to the work of the Trust in an open, honest and transparent manner. They should exercise independent judgement and act solely in the interests of the Academy and the Trust, free from undue influence or the interests of any particular group or individual.

A register of business and pecuniary interest form must be completed and all appointment checks undertaken prior to any appointment as an Associate Governor.

16: Supporting the Board

16.1 Governance Calendar and Agenda Cycle

- The Trust has an Annual Governance Calendar that sets out the meeting structure for the academic year for Members, Directors and Local Governance meetings.
- Directors Meetings represent the main opportunity for the Board to come together to share their work, and for the Executive Management Team to update on the Trusts performance. They are also an opportunity for other members of staff to report on their own work, as required.
- The Trust has a cycle of agreed agenda items and standard reports, to ensure consistency in the sharing and approval of information. The minutes of the Board of Directors will be important evidence of the support and challenge given to the leadership of the Trust.
- Each Academy will follow the governance calendar and reporting schedule that is set out by the Trust.

16.2 Offering Support and Challenge

Directors are encouraged to offer support and challenge to the Executive Management Team in line with the Board Terms of Reference. This can be done in a number of different ways, underpinning the six key drivers, for example:

1. Leading Success

- Creating a positive forum for open and reflective discussion between Directors and the Executive Management Team.
- Discussing the Trust's key priorities, its improvement plan and self-evaluation, so that the Trust gains reassurance from having an external perspective on their work.
- Holding the Executive Management Team to account, to secure the best possible outcomes for young people in the Trust.
- Asking probing questions to ensure a robust understanding of the work of the Trust. — Asking the CEO to review decisions to reflect best practice.
- Representing the Trust at Ofsted inspections, if required.
- Ensuring that all resources are appropriately targeted to impact positively on pupils' experience and outcomes.

2. Securing Success

- Taking an active interest in the recommendations from Committees, and the follow-up action taken by the academies.
- Ensuring the CEO and the LGB Governors hold the Principal/Headteacher to account for the impact on the progress of young people and the quality of teaching, learning and assessment.

3. Developing Success

- Monitoring the provision of Professional Learning & Development within the Trust and any associated impact.
- Ensuring the appropriate development of all Directors so that the Board can effectively support and challenge the Trust. — Capitalising upon Directors own expertise and connections to create opportunities for the Trust and its academies where appropriate.

4. Standards for Success

- Promoting a culture of high expectations so that leaders continue to have ambitious expectations of their pupils and colleagues.
- Ensuring that the Trust ethos and environment is one that promotes the strong foundations for pupils to succeed and that they are safe.
- Monitoring the impact of work across the inclusion agenda to ensure that the most vulnerable pupils are supported to attend well and reduce the risks of exclusion from any aspect of their education.

5. Supporting Success

- Ensuring that the curriculum provides opportunities for young people to develop their knowledge, skills and understanding, maximising opportunities for success.
- Understanding the targeted academic and pastoral support provided by the Trust.
- Understanding the range of extra-curricular support available for young people via the academies.

6. Achieving Success

- Ensuring that all pupils (including those from disadvantaged backgrounds) receive the best quality provision in order to secure the best possible outcomes relative to their starting points.
- Representing the Trust at community events or with important local and national stakeholders.
- Maintaining awareness of pupil successes, news and events through the Trust and its academies communication channels.
- Celebrating the Trust/Academy's successes whether by congratulating pupils and staff or attending celebration events.

Securing the right balance between support and challenge is key. Without first building relationships, a supportive environment and showing positive commitment to the Trust, challenge will never truly be as effective as it should be. The Trust will support Directors in delivering this balance.

16.3 Asking the Right Questions

Whether you are a Director questioning the Executive Management Team or a Local Governor asking questions of the Academy Leaders, this is the main way in which you will learn about the Trust.

Holding leaders to account and supporting them to reflect on their decisions is an important function of governance.

The minutes of meetings will also record the range and level of challenge in questions and this is important evidence that governance is being effective.

Those new to education or new to the Trust will understandably want to ask questions about the meaning of certain terms.

In turn, the CEO's reports should be clear and accessible to Directors as should Academy Leaders reports to Governors. It is important, however, that such questions do not feature too heavily in meetings.

When posing questions at meetings or on visits, Directors should consider the following:

- Does this question focus on impact? Directors will receive a lot of information about the work of the Trust and its academies, but their concern should be for outcomes, rather than process. Wherever possible,

Executive Management Team should provide objective evidence of impact (for example by referring to the data in any report).

- Is this relevant to the agenda item? In order to keep meetings to time, and focused on the main priorities, questions need to be relevant.
- Does this question help to focus the Executive Management Team on an important aspect of what is being discussed? Directors should use their questions to guide the Trust's thinking and attention towards key priorities.
- Is this question strategic? For example, "does the Academy use its lunch menus to support health and wellbeing or even the curriculum?" is a better question than "what is usually on the lunch menu?"
- Does this help the Board to understand what is being discussed?
- Has my question been answered? Do further questions arise from the answer? Where useful, Directors should ask follow-up questions either to clarify a response or to probe any new information.

This is the same process for Local Governors when posing questions to Academy Leaders in meetings or on visits.

2. Where required Directors may make the decision to remove delegated responsibilities as detailed within the Scheme of Delegation from the Local Governing Board and replace with an Interim Education Improvement Board.
3. In this scenario, Directors will set out Terms of Reference, set a timeframe and implementation strategy for the Interim Education Improvement Board.
4. Members of the Education Improvement Board will be appointed by Directors based on skillsets and experience required to drive academy performance and improvement.
5. Members of the existing Local Governing Board may be asked to join the Education Improvement Board; however, membership will be decided and appointments made by the Directors.

7. Terms of Reference will be agreed by Directors and specific to the requirements of the academy
8. The Interim Education Improvement Board will meet every 4 – 6 weeks.
9. Any responsibilities not delegated to the Interim Education Improvement Board will be the responsibility of the Trust and Board of Directors, in the absence of a Local Governing Board.
10. The time frame for which the Interim Education Improvement Board is implemented in the absence of the Local Governing Board will be made by the Directors and be under constant review.
11. Existing Governors who are not asked to join the Education Improvement Board will resign from the Local Governing Board.
12. The Local Governing Board will be reinstated and delegated responsibilities resumed upon approval from Directors when academy improvement has been delivered.

Value for Money and Procurement Can leaders evidence that recent contract renewals or resource purchases followed Trust thresholds and delivered maximum impact?			
Additional Themes to Explore While the primary focus is Wellbeing, please note any observations requiring attention: Safeguarding: Are behavioural or workload pressures creating gaps or delays in staff logging safeguarding concerns on CPOMS? Health & Safety/Compliance: Is there an escalation in stress-related risk assessments or accidents related to staff fatigue?

Health, Safety and Compliance Governor Monitoring Form

Academy:	Date:	Name/Area of Responsibility: Health, Safety and Compliance	Governor Name:	
Reason for Visit: This guide is designed to help school governors strategically monitor health, safety, and compliance within their school. Governors have a responsibility to provide assurance that the school is compliant with statutory requirements, that risks are being appropriately managed, and that the school environment supports safe teaching and learning. The role is not to manage day-to-day health and safety but to: • Seek assurance from leaders. • Review evidence of compliance. • Ask strategic questions that promote accountability. • Ensure that statutory duties are met				
Responsibilities of a Governor in Monitoring Health, Safety, and Compliance: Understanding the Framework • Be familiar with statutory requirements (e.g., Health and Safety at Work Act, DfE requirements, safeguarding links). • Understand which policies are mandatory and how often they are reviewed. Oversight, Not Operations • Ensure policies are in place and applied, but do not attempt to carry out staff responsibilities. • Focus on whether leaders have systems in place, rather than checking the systems yourself. Monitoring in Practice • Review reports from the Principal, Business Manager and/or Premises Manager. • Visit the school with a strategic lens (e.g., reviewing accessibility, signage, and maintenance in general terms). • Ensure health and safety is a regular agenda item at governing board meetings. • Confirm that risk assessments are undertaken and reviewed appropriately. Escalation and Assurance • Be confident in asking leaders to evidence compliance. • Escalate any concerns to the full governing board. • Recognise when specialist advice is required and ensure the school has access to it.				
Discussions / Outcomes: Context- to be pre-populated by the Premises Manager/Business Manager/Principal

Further potential activities

Discussion questions –	Evidence/commentary
Governors should listen carefully for vagueness, lack of evidence, or delays in compliance . These are red flags that require follow-up, either by asking for written assurance or escalating to the full governing board.	
Leadership and accountability • How do leaders ensure that the actions and recommendations from Trust-commissioned audits are assigned to specific owners and monitored for completion before the deadline? • In what way does the Senior Leadership Team (SLT) review accident trends and drill performance logs before these metrics are presented to the local governing board?" • How are middle leaders held accountable for localized health and safety compliance and risk assessments in their areas of responsibility? • What mechanisms are in place to ensure that when a key compliance staff member is absent, their statutory checking responsibilities are seamlessly covered?	

Risk and compliance • What progress has been made against the actions identified in our last Trust-commissioned H&S audit, and are any items past their target completion deadline?	
Training and culture • How do leaders ensure that all minor and major accidents are recorded strictly in line with Trust policy timescales, and how is this data checked for accuracy before escalating to RIDDOR? • How are staff trained to recognize what constitutes a reportable accident under Trust policy, and how do leaders monitor that logs are completed within required timescales? • Following the latest Trust-commissioned H&S audit, what specific training gaps were identified for staff, and how quickly were those addressed? • How do leaders ensure that temporary, supply, or newly appointed staff are immediately inducted into localized emergency drill procedures (Fire and Lockdown) before they teach their first lesson? • What mechanisms exist for staff to raise H&S or near-miss concerns without fear of recrimination, and how are those concerns tracked to resolution?	
Premises and Accessibility • How did the outcome of our recent Fire and Lockdown drills impact our Premises and Accessibility strategies (e.g., physical escape route modifications or emergency signage visibility)? • Can leaders demonstrate that any physical defects contributing to recent accidents on the school estate have been formally logged, prioritized, and repaired in line with policy? • How regularly do leaders review the physical accessibility of emergency escape routes for pupils with complex SEND or limited mobility (e.g., PEEPs - Personal Emergency Evacuation Plans)? • What is the current backlog of 'Category 1' (urgent safety/compliance) maintenance tasks, and how are local or Trust capital funds being leveraged to clear them?	
Emergencies and safeguarding • Can leaders present the physical or digital evacuation logs for the most recent Fire and Lockdown drills? What specific actions were taken to fix any recorded delays or issues? • How do our emergency evacuation and lockdown plans explicitly account for the safeguarding and physical protection of vulnerable or SEND pupils during an active incident? • If a serious accident occurs on site, what is the clear operational line of escalation between the H&S reporting system and the Safeguarding/DSL team?	

When was our Critical Incident / Emergency Management Plan last updated, and does it align with the latest feedback from Trust compliance teams?	
Asset Management - Did the recent Trust-commissioned audit flag any statutory compliance failures regarding high-risk assets (e.g., boiler plants, extraction systems, or server networks), and what is the remediation plan? - How do leaders ensure that specialized assets associated with physical safety (such as fire doors, alarm panels, and automated gates) receive scheduled statutory testing in line with policy? - What system prevents unapproved or untested electrical equipment (brought in by staff or contractors) from compromising the safety of the academy's infrastructure? - How are asset replacement lifecycles managed so that aging infrastructure is replaced before it fails a health and safety or compliance inspection?	
Comments arising from discussions and activities:	
While the primary focus of the monitoring visit is not Safeguarding, Wellbeing, Health & Safety/Compliance or Leadership these areas remain important and should be taken into account during all Academy visits. Please include any observations that may require the Board's attention. Safeguarding: Wellbeing: Health & Safety/Compliance:
